LE PHOTOGRAM

Portfolio categories | Web designer brief

Replace the current portfolio filters with the seven categories below.

REFERENCE: Current portfolio page supplied by Le Photogram.

New filter labels and content

ORDER / TAB LABEL	CONTENT TO DISPLAY
01 All Stories	All portfolio collections across the categories below.
02 Weddings	Wedding ceremonies, engagements and receptions.
03 Couple Stories	Pre-wedding, post-wedding and couple sessions.
04 Motherhood	Maternity photography and films.
05 Little Ones	Newborn, baby and child portrait sessions.
06 Family Portraits	Family and parent-child portrait sessions.
07 Celebrations	Birthdays, baby showers and other personal celebrations.

Designer instructions: Use the exact labels and order above. Keep the existing pill-button style and clear active selection. Set All Stories as the default filter.

Studio focus: Wedding films and personal / family stories. Remove Editorial & Fine Art; do not add Brands & Products. Motherhood and Little Ones must remain separate filters.

Responsive layout: Keep all seven filters accessible on mobile using a tidy wrap or horizontal scroll. Each filter should show only its relevant collections; All Stories shows everything.
